THE RENAISSANCE EXPERIENCE:

Renaissance Hotels is an upscale hotel collection with more than 140 unique properties in 28 countries -- from historic icons to ultra-modern masterpieces -- that speaks to passionate travelers in search of authentic local experiences. In fact, our brand motto says “no matter where or why you travel, there's always something wonderfully new to be found.”

GUEST PROFILE:

The Renaissance experience appeals to guests who want to discover something new with each and every stay - someone who is naturally curious and constantly seeking new experiences. Our guests are passionate about living life to the fullest, particularly when it comes to travel, architecture, design, food and wine, art and culture. They are confident and comfortable with themselves so they seek a more purposeful travel experience and want a hotel experience that allows them to get the most from a trip.

BRAND VALUES:

Intriguing: Renaissance is a sensory adventure that transports guests to a life less ordinary. Around every corner, Renaissance invites the guest to taste, see, feel, sip, hear, do and try something new.

Indigenous: Renaissance echoes and embraces the locale into each hotel's point of view-it's the unofficial expert on what's special about each location for guests seeking a path of effortless discovery.

Independent: Like our guests, we are independently-minded and proud to be give our guests unique and fabulous options to make the most of their time and their trip, and make it uniquely their own.

SERVICE:

Our associates are called our “ambassadors” who have mastered the importance of Renaissance service at every touch point through the guest experience. Select ambassadors in each hotel are designated as “navigators” who act as personal guides by providing our guests with one-of-a-kind, off-the-radar, micro-local experiences. Our “navigators” develop our “In the Know” fact sheets for guests at each hotel highlighting timely recommendations for places to sip, savor, shop or see.

Renaissance Rituals are regularly occurring events or services to our guests that mark a particular milestone during each stay, such as the 5:00pm cocktail hour being ushered in with a tinkling hand bell at Renaissance Ross Bridge in Alabama to the signature “Makassar” drink served to guests during happy hour at the Renaissance Paris Arc de Triomphe. These little occasions become cherished memories.

DESIGN

Renaissance Hotels—whether located in restored landmark buildings or newly built modern properties— are stylish, distinctive and are designed to reflect the location and embody the destination.

We call our design philosophy “Renaissance Chic” -- current, compelling and always inspiring. It meshes contemporary styling with touches of luxury and creativity. It is subtle, with richly layered details that don’t overwhelm. Plush, yet unpretentious. It is about creating an experience using just the right lighting, texture and materials and using the location’s palette as inspiration.

Renaissance works with some of the most renowned designers and architects in the world including Christian de Portzamparc at the Renaissance Arc de Triomphe and Jordan Mozer at the Renaissance New York Hotel 57.

SIP & SAVOR

Restaurants at Renaissance are developed to appeal to local clientele as well as guests. Our hotels deliver “indigenous” food & beverage, offering quintessentially local food at the hotels-but always with a global flair. It’s food that’s familiar, but not expected. And because food and wine is a passion for our guests, all of our ambassadors are always ready to help guide our guests to the best authentic restaurants and local bars in the area.
